

# WILLIAMSON COUNTY FIRE CHIEF'S ASSOCIATION

## County Resource Coordinator (CRC) Procedures

VERSION: 1.00  
REVISED: 10 DECEMBER 2003

## County-wide Standard Structure Evacuation Signal

### 1.00 PURPOSE

---

- 1.01 To define a common countywide signal standard for evacuating a building when the Incident Commander determines the need to evacuate a building immediately.

### 2.00 PROCEDURE

---

- 2.01 The signal for immediate evacuation of a structure is one (1) ten-second blast of the air horns of one apparatus assigned to each side/sector of the building on the scene.
- 2.02 In addition to this procedure, local alerting procedures may also be deployed.
